The Searchers Gem & Mineral Society, Anaheim CA

VOLUME 55, ISSUE 6

JUNE 2018

The President's Message

Hello fellow Searchers

I want to thank all the volunteers who contributed to the Searcher Show in May. We again had a successful show due to all your hard work. Special thanks goes out to Margaret Hogarth our show chairperson whose direction and dedication made the show possible. Margaret along with the rest of the Show Committee work throughout the year to plan and organize the show which is the main money raising activity for the Searchers.

I also had the pleasure of leading a field trip in May. This was my first experience leading a field trip, and the main lesson I learned was that it is not hard to lead a field trip. Field trips are fun anyway, but it is more fun to show your friends where to find the good stuff. With that in mind, I encourage anyone who has a favorite rockhounding destination to volunteer to lead a field trip this coming season. Just contact our Field Trip Coordinator (and 2nd VP) Matt Buchanan or myself and we will give you the support you need to be a successful field trip leader.

Doug Flaugh

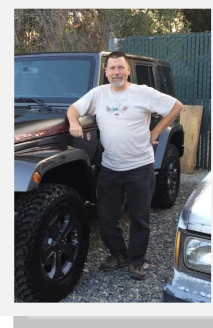

President

Please remember to bring a rock or slab for the Veterans!

Note: We just discovered that the VA lapidary shop has a faceting machine and now has someone available to teach them. Any faceting rough you could donate would be a great treat for them.

Dates to Save: Searcher Annual Picnic Aug. 11

CFMS Field Trip: Davis Creek/Lassen Creek

July 26 – 29, 2018

Hosted by Contra Costa M&GS

Davis Creek is the premier obsidian collecting area in California with an abundance of a great variety of beautiful obsidian. This area is located on Buck Mt. in the heart of the Modoc National Forest. The altitude ranges from 5000 to 7000 feet. A free permit is required for collecting which will be available at camp.

Directions: Take your favorite route to Alturas, CA in the far northeast corner of California (I-5/US299 or US395). From Alturas, go north on US Route 395. Approximately 22 miles from Alturas is the small town of Davis Creek (stop here to visit the Davis Creek Mercantile, a very interesting little store). Continue another 11 miles to South Willow Ranch Rd/County Rd. 47 where you should see the first orange paper plate with arrows that direct you to camp. Turn right and follow this road and the orange paper plates 5.5 miles. Turn right and cross the small bridge. After you cross the bridge turn left; you will see the Lassen Creek Campgrounds on your left, turn left into the campground.

Facilities: The campground is a large meadow with some large pine trees and two small streams. This is a "dry camping" area with one very nice pit toilet. It can accommodate all sizes of motor homes and trailers and is also very good for tenters. At Davis Creek there is gas and some groceries, and a great place to get ice cream on a hot afternoon. At Alturas and Lakeview, OR there is gas, food, motels, RV parks and medical facilities.

Collecting Trips: The organized collecting trips will start on Friday morning. All trips will leave at 8:30 AM, **SHARP**, from the campgrounds. Assemble at 8:15 for details and instructions for each day's trip. We will be collecting at 5 major sites: Rainbow, Electric Blue, Pink Lady, Needles, and Mahogany Gold Sheen. You have to dig for the biggest and the best, but there is a lot of good obsidian to be found as float and in the discards from previous diggers. Because of the expected size of the group and limited parking at the collecting sites, we will divide up into small groups, each going to a different site. Everyone will get to go to every site.

- Thursday, July 26 Arrive at camp
- Friday, July 27 Daily collecting trips
- Saturday, July 28 Daily collecting trips and Potluck Dinner
- Sunday, July 29 Daily collecting trips
- Monday, July 30 Depart to home or to other adventures

Plan on a potluck dinner and daily happy hours. Bring firewood for evening campfires. We plan on having a good time and collecting some great obsidian. Come join us for a great rockhound time of collecting, fun and fellowship.

Safety Note: Obsidian is Mother Nature's glass and like glass it shatters and is extremely sharp. Goggles or safety glasses, long sleeve shirts and gloves are strongly recommended.

Please notify me by 7/23/18 if you plan to attend, call if you have questions or need more information:

Searchers Field Trip May 19-20 2018 Report Kramer Hills near Kramer Junction

Twelve Searchers showed up for the field trip to Kramer Hills including two new members who signed up on site. After waivers and briefings, our first stop on Saturday morning was to dig orange and red plume agate and green opalite from seams four feet down from the surface. Several members freed large pieces from the seams including a 90 pound chunk of agate that Greg McGinnis worked very hard for. Those not digging in the pits found ample material surface collecting in the area.

After a break for lunch, the group caravanned to a surface collecting site dubbed "Palm Wash" where petrified palm was abundant. Buckets were filled with pink palm as well as an uncommon blue-gray variety, plus some chalcedony and jasper.

In spite of high winds, Saturday nights potluck was well attended, with tasty food and conversation shared.

Sunday morning the group headed to a location with plentiful amounts of onyx, chalcedony and jasper. The onyx included a variety showing purple/blue banding, and some even had red streaks. A nice seam of pastel green banded jasper was also discovered while a desert tortoise kept watch from a safe distance.

As the last car departed for home we gave thanks for a fun easy trip without injury or incident

Searcher After Show Report

First of all, I want to send a huge thank you to the Show Committee and all of our volunteers for your dedicated and thoughtful work for the show. Thanks to you, it was a huge success! Thank you to our wonderful vendors and demonstrators! We're still working on the numbers, but you know we are a non-profit organization and we're hoping that the proceeds from the show will go a long way in terms of funding club efforts such as supporting the workshop and helping the Long Beach Veteran's Hospital workshop.

Thanks to Lydia's (plus her helpers') organizational efforts, every year it is a little simpler to set up the show. We are working to support and continue these efforts in order to reduce energy and injuries. We will probably consolidate the Searcher activities, membership and t-shirt sales into the middle of the display cases next year, so that we can concentrate Searcher volunteers into just 4 areas: the kitchen, silent auction, hospitality, and then membership+. Attendance felt a little down this year; we will work to boost that for next year. Thanks to our lighting on the patio, we had a safe and secure show. Our menu felt just about right this year. I think everyone was excited about the silent auction offerings. We raised the prices for children's activities, and then lowered them back to \$1 due to feedback. That's okay. We want to make this a fun, family-friendly, low cost activity. Please be sure to give additional feedback about the show. You can send it to me and we'll review it. We will continue to fine tune and improve the show. Thank you again for your hard work and support!

Thank you, and have a rocking summer!

Margaret Hogarth hogarth.m@gmail.com 909-815-3045

Coming Soon

Searcher's Picnic/ Potluck

Saturday, August 11th from 11am to 3pm

Yorba Regional Park in Anaheim Hills; Site #6; Parking in Lot #2.

Sign up sheet will arrive in the near future to start signing up people to bring all of the food and supplies for the event.

American Opal Society's Annual Auction

This is Veronica Purpura of the American Opal Society, and we want to invite more people to our annual June meeting auction. While you do need to be a member to sell items at the auction (where part of the proceeds go to the AOS), but you don't have to be a member to attend or bid on the items. Our auctions tend to have gemstones, opals, rough, cabochons, jewelry, books and equipment.

Come to our June 27th meeting (Wednesday at 7pm) to the Garden Grove Masonic Lodge. Bring your wallets and sign up for a bidding paddle.

Veronica Purpura AOS Show Chairman

Non-Members welcomed!
Lots of items up for auction
